2014 Scout Show Information/Registration

Information: The Scout Show is based on demonstrations of Scout skills, knowledge and information to the general public. Individual Units may set up a 12' X 12' booth to demonstrate their Scouting abilities. Each unit is responsible for setting up their own booth including tables, chairs, pop-up canopies, etc. Some ideas for booths are monkey bridges, pinewood derby, rain gutter regatta, cooking demos, campsite demos, soap carvings, knot tying, first aid instruction, lashing projects, signaling, Pioneering projects, Scout history, weaving/basket making, Indian lure, patch collections, necklace/bracelet making, ham radio set up, wood working and safety education. Units are responsible for any costs involved. Many companies will donate materials for your booth. You may also sell some items but that must be approved by the Chairman in advance. We cannot have numerous bridges so it will be on a first come basis as you register for a booth. You must be an official group to participate in the Scout Show (all members paid and registered). Monkey bridges and Lashing projects if accepted may use a double booth space if needed. You are required to send this page and registration information to outlets listed on previous pages. You should email Dan that you are interested in doing a booth at the Scout Show.
